

The aim of **Mold Netball Club** is to provide the opportunity for each individual of any age, ethnic origin or ability to realise their full potential in a competitive, safe and friendly environment.

We strive to encourage values and skills that develop players' ability to succeed as athletes which is achieved with the dedication of volunteers.

We are proud of the contributions we make together which helps us with daily life achievements on and off the netball court. These include the benefits of goal setting, a good work ethic, teamwork, self-esteem, self-discipline and sportsmanship.
